INTERNATIONAL UNION FOR THE PROTECTION OF NEW VARIETIES OF PLANTS

GENEVA

COUNCIL

Twenty-seventh Ordinary Session

Geneva, October 29, 1993

REPORT ON ACTIVITIES DURING THE FIRST NINE MONTHS OF 1993

Document prepared by the Office of the Union

I. COMPOSITION OF THE UNION

1. On January 12, 1993, the Czech Republic and Slovakia deposited with the Secretary-General declarations to the effect that the 1978 Act of the International Convention for the Protection of New Varieties of Plants--to which the former Czechoslovakia had acceded--would continue to apply with respect to those countries.

2. On March 16, Finland deposited its instrument of accession to the 1978 Act of the Convention. That Act entered into force with respect to Finland on April 16.

3. Under Article 32(3) of the 1978 Act, "Any State which is not a member of the Union and which has not signed this Act shall, before depositing its instrument of accession, ask the Council to advise it in respect of the conformity of its laws with the provisions of this Act." Norway requested such advice in a Note Verbale of March 29. At its tenth extraordinary session, held on April 23, the Council took a positive decision. Norway deposited its instrument of accession on August 13. The 1978 Act entered into force with respect to Norway on September 13.

4. As of that date, the Union comprises 24 member States: Australia, Belgium, Canada, Czech Republic, Denmark, Finland, France, Germany, Hungary, Ireland, Israel, Italy, Japan, Netherlands, New Zealand, Norway, Poland, Slovakia, South Africa, Spain, Sweden, Switzerland, United Kingdom, United States of America. All are party to the 1978 Act, with the exception of Belgium and Spain, who are party to the 1961 Act as amended by the Additional Act of 1972.

5. The table given in the Annex to this report summarizes the position of the various States in relation to the various Acts of the Convention as at September 30, 1993.

II. SESSIONS OF THE COUNCIL AND ITS SUBSIDIARY BODIES

Council

6. The Council held its tenth extraordinary session on April 23 under the chairmanship of Mr. R. López de Haro y Wood (Spain) as a result of the request for an opinion submitted by Norway under Article 32(3) of the 1978 Act (see paragraph 3 above).

Consultative Committee

7. The Consultative Committee held its forty-sixth session on April 23 under the chairmanship of Mr. R. López de Haro y Wood (Spain).

8. At that session, the representatives of the member States reported on developments in the situation with regard to implementation of the 1991 Act at national and regional levels. The Committee decided to recommend to the Council that the necessary steps be taken for the texts in Chinese of the 1978 and 1991 Acts of the Convention, drawn up by the Office of the Union in cooperation with the Chinese authorities, to become official texts of those Acts. It also noted the procedure entertained by the Administrative and Legal Committee for drawing up a new Model Law on Plant Variety Protection based on the 1991 Act.

9. The proposed central computerized data base on plant variety protection and related matters was discussed in depth. The Committee noted the fact that --at the present stage of the project--a great number of member States, and also a number of States that were not yet members, were basically prepared to participate in the setting-up and running of a central computerized data base which would be made available to users on CD-ROMs. It finally decided that an additional examination would be carried out by the Technical Working Party on Automation and Computer Programs and by an ad hoc working group in order that a decision could be taken by the Council at its present session.

Administrative and Legal Committee

10. For the work of this Committee, reference is made to document C/27/9.

Technical Committee and Working Parties

11. For the work of these bodies, reference is made to documents C/27/10 and C/27/10 Add.

Ad Hoc Working Group on the Proposed Central Computerized Data Base on Plant Variety Protection and Related Matters

12. The Group met on July 13 to examine the matters that various member States had raised following the forty-sixth session of the Consultative Committee, in accordance with a procedure agreed to by that Committee. The following seven

member States were represented: France, Germany, Israel, Netherlands, Spain, Switzerland, United Kingdom; the Commission of the European Communities was also represented and the World Intellectual Property Organization (WIPO) provided assistance. The Group also agreed on a work schedule covering, for the present, the format (presentation) of the data to be collected at central level or exchanged and, in the longer term, the production of a prototype after agreement by the Council to the project.
