

Council**C/58/6****Fifty-Eighth Ordinary Session
Geneva, October 25, 2024****Original:** English
Date: October 4, 2024

LIST OF THE TAXA PROTECTED BY THE MEMBERS OF THE UNION*Document prepared by the Office of the Union**Disclaimer: this document does not represent UPOV policies or guidance*

TABLE OF CONTENTS

INTRODUCTION.....	2
MAIN TABLE.....	6
NOTES CLASSIFIED BY MEMBERS OF THE UNION	40

INTRODUCTION

1. The 1978 Act of the International Convention for the Protection of New Varieties of Plants is applicable, according to its Article 4(1), to all botanical genera and species. Its Article 4(2) provides that “the member States of the Union undertake to adopt all measures necessary for the progressive application of the provisions of this Convention to the largest possible number of botanical genera and species.” The 1991 Act of the Convention provides in its Article 3 that “each Contracting Party which is bound by the Act of 1961/1972 or the Act of 1978 shall apply the provisions of this Convention, (i) at the date on which it becomes bound by this Convention, to all plant genera and species to which it applies, on the said date, the provisions of the Act of 1961/1972 or the Act of 1978 and, (ii) at the latest by the expiration of a period of five years after the said date, to all plant genera and species,” and that “each Contracting Party which is not bound by the Act of 1961/1972 or the Act of 1978 shall apply the provisions of this Convention, (i) at the date on which it becomes bound by this Convention, to at least 15 plant genera or species and, (ii) at the latest by the expiration of a period of 10 years from the said date, to all plant genera and species.”

2. This document contains:

- the main table;
- notes classified by members of the Union.

3. The main table presents the list of taxa protected¹ by the following members of the Union, which do not protect all plant genera and species: Brazil, China, Egypt, South Africa and Trinidad and Tobago (total: 5 members of the Union).²

4. The main table does not contain the following members of the Union, which protect the whole or essentially the whole plant kingdom: African Intellectual Property Organization (OAPI), Argentina, Armenia, Australia, Austria, Belarus, Belgium, Bolivia (Plurinational State of), Bosnia and Herzegovina, Bulgaria, Canada, Chile, Colombia, Costa Rica, Croatia, Czechia, Denmark, Dominican Republic, Ecuador, Estonia, European Union, Finland, France, Georgia, Germany, Ghana, Hungary, Iceland, Ireland, Israel, Italy, Japan, Jordan, Kenya, Kyrgyzstan, Latvia, Lithuania, Mexico, Morocco, Montenegro, Netherlands (Kingdom of the), New Zealand, Nicaragua, Norway, Panama, Paraguay, Peru, Poland, Portugal, Republic of Korea, Republic of Moldova, Romania, Russian Federation, Saint Vincent and the Grenadines, Serbia, Singapore, Slovakia, Slovenia, Spain, Sweden, Switzerland, Tunisia, Türkiye, Ukraine, United Kingdom, United Republic of Tanzania, United States of America, Uruguay, Uzbekistan and Viet Nam (total: 70 members of the Union). Details on the situation in those authorities are given in the notes classified by members of the Union.

5. The main table does not contain the following members of the Union, which have not notified the extension of protection to all genera and species in accordance with Article 3(2)(ii) and Article 36(2)(ii) of the 1991 Act of the Convention (see paragraph 1 above): Albania, Azerbaijan, North Macedonia and Oman (total: 4 members of the Union).

6. The taxa are listed in the alphabetical order of their respective UPOV Code.

7. The drawing up of the synoptical list of taxa has led to some departures from the relevant laws and regulations, in particular because nomenclatures used are not uniform. It is recommended to consult these laws and regulations when precise information is needed.

8. The notes classified by members of the Union follow the alphabetical order of the ISO codes applicable to countries and organizations (see the list on page 4). The following will be found therein, wherever it has appeared necessary:

(a) general notes relating in particular to the way in which the list of protected taxa has been established;

(b) special notes relating to a specific taxon.

¹ The expression “protected taxon” and the similar expressions mean that titles of protection may be issued for varieties of the taxon concerned.

² See notifications concerning protected genera and species in UPOV Lex: <https://upovlex.upov.int/en/genera-species>.

9. The following members have notified the extension of protection to additional plant genera and species: Brazil, China (NFGA) and Egypt.
10. The following member has notified the extension to all genera and species: Tunisia.

SYMBOLS USED IN THE MAIN TABLE

- X:** Protected taxon
- +**: Protected taxon as a result of the protection of a taxon of a higher rank to which it belongs (for example in the case of a species: the genus or family to which it belongs is protected).

NOTES CLASSIFIED BY MEMBERS OF THE UNION

AR / ARGENTINA

General Note

There is no provision in the Law on Seed and Phylogenetic Creations (Law No. 20.247 of March 30, 1973) restricting protection to particular genera or species.

AU / AUSTRALIA

General Note

According to Section 3(1) of the Plant Breeder's Rights Act 1994, the term "plant" includes all fungi and algae, but does not include bacteria, bacteroids, mycoplasmas, viruses, viroids and bacteriophages.

BG / BULGARIA

General Note

According to the Law on the Protection of New Plant Varieties and Animal Breeds (September 19, 1996), protection extends to all plant genera and species.

BO / BOLIVIA (PLURINATIONAL STATE OF)

General Note

The scope of application of national legislation is defined by Article 2 of Decision No. 345 (of October 21, 1993) of the Commission of the Cartagena Agreement as "all botanical genera and species insofar as the growing, possession or use thereof are not prohibited for reasons of human, animal or plant health."

BR / BRAZIL

Eucalyptus refers to subgenus: *Symphyomyrthus*; Sections: *Transversaria*; *Exsertaria*; *Maidenaria*.

Pennisetum purpureum: protection relates to *Pennisetum purpureum* including hybrids with other *Pennisetum* species.

Pyrus L. refers to rootstock varieties.

BY / BELARUS

General Note

According to Law No. 115-3 of Accession of the Republic of Belarus to the International Convention for the Protection of New Varieties of Plants, from January 5, 2013, Belarus protects all plant genera and species.

CA / CANADA

General Note

According to the Plant Breeders' Rights Regulations, protection extends to all species of the plant kingdom, except bacteria, algae and fungi.

CH / SWITZERLAND

General Note

According to the amended Plant Variety Protection Act and the new Plant Variety Protection Ordinance, which came into force on September 1, 2008, protection extends to all species of the plant kingdom.

CL / CHILE

General Note

The Law on the Rights of Breeders of New Varieties of Plants (No. 19.342 of October 17, 1994) provides that "the right of the breeder may be exercised in relation to all botanical genera and species."

CO / COLOMBIA

General Note

According to Article 1 of Decree No. 533 of March 8, 1994, protection extends to all cultivated varieties of botanical genera and species, provided that the cultivation, possession or use thereof is not prohibited on grounds of human, animal or plant health, but does not extend to wild species, that is, those individual plant species that have not been planted or improved by man.

CR / COSTA RICA

General Note

According to Article 2 of Law N° 8631 of March 6, 2008, as amended by Law N° 8686 of November 21, 2008, protection extends to varieties of all plant genera and species.

CZ / CZECHIA

General Note

Protection extends to all taxa of the plant kingdom (Act No. 408/2000 Coll. of October 25, 2000, on the Protection of Plant Variety Rights).

DE / GERMANY

General Note

Protection extends to all taxa of the plant kingdom (First Amendment Law of March 27, 1992, to the Plant Variety Protection Law).

DK / DENMARK

General Note

Protection extends to all plant genera and species (Plant Novelties Act, as last amended by Act No. 1086 of December 20, 1995 / Act No 967 of December 4, 2002).

EC / ECUADOR

General Note

The scope of application of national legislation is defined by Article 2 of Decision No. 345 (of October 21, 1993) of the Commission of the Cartagena Agreement as "all botanical genera and species insofar as the growing, possession or use thereof are not prohibited for reasons of human, animal or plant health." In addition, Article 1 of Decree No. 3708 of April 10, 1996, establishing the regulations to the said Decision specifies that wild species which have not been planted or improved by man are excluded.

EE / ESTONIA

General Note

According to the Plant Variety Rights Act RT I 1998, 36/37, 553, which entered into force on July 1, 1998, amended by the Act RT I 2000, 10,56, which entered into force on March 1, 2000, protection extends to all plant genera and species.

EG / EGYPT

General Note

The provisions of Book Four of the Intellectual Property Rights Law No. 82 of 2002 on the Protection of Intellectual Property Rights (as amended by Law No. 26 of 2015 and Law No. 144 of 2019), shall apply to plant genera and species specified by the Minister of Agriculture, and shall apply to all genera and species at the expiration of a period of ten (10) years from the date of implementation of this Law.

ES / SPAIN

General Note

According to Law 3/2000 Governing the Protection of Plant Varieties, which entered into force on April 10, 2000, protection extends to all plant genera and species including hybrids of genera or species.

FI / FINLAND

General Note

Protection extends to all genera and species.

FR / FRANCE

General Note

Protection is granted to any variety belonging to a species of the plant kingdom (Decree No. 95-1407 of December 28, 1995, Amending the Intellectual Property Code (Regulatory Part) and Relating to the Scope of Application of New Plant Variety Certificates and the Scope and Duration of the Breeder's Right).

GB / UNITED KINGDOM

General Note

Protection extends to all plant genera and species (Plant Varieties Act 1997).

GE / GEORGIA

General Note

Article 1 of the Law of Georgia for the protection of new varieties of plants provides that the Law “[...] applies to all the botanical genera and species of plants” in line with Article 3(2) of the 1991 Act.

GH / GHANA

General Note

The Plant Variety Protection Act of December 29, 2020 provides that protection applies to all genera and species.

HU / HUNGARY

General Note

There is no provision in the Law No. XXXIII of April 25, 1995, on the Protection of Inventions by Patents restricting protection to particular genera or species.

IE / IRELAND

General Note

On December 8, 2011, the Government of Ireland deposited its instrument of ratification of the International Convention for the Protection of New Varieties of Plants of December 2, 1961, as revised at Geneva on November 10, 1972, on October 23, 1978, and on March 19, 1991. The 1991 Act entered into force for Ireland on January 8, 2012, one month after the deposit of its instrument of ratification. According to the notification deposited with the Secretary-General together with the instrument of ratification, the legislation governing breeders’ rights of Ireland applies to all genera and species.

IL / ISRAEL

General Note

The Law on the Rights of the Breeders of Plant Varieties, as last amended on February 23, 1996, applies to all botanical genera and species.

IT / ITALY

General Note

Protection extends to all plant genera and species (Article 28 of Legislative Decree No. 455 of November 3, 1998).

JP / JAPAN

General Note

The Seeds and Seedlings Law (No. 83 of May 29, 1998) applies to all “agricultural, forestry and aquatic plants” covering “*spermatophytes* (seed plants), *pteridophytes* (ferns), *bryophytes* (mosses), and multicellular algae”, and also the fungi listed below.
