*Document prepared by the Office of the Union*

1. The Administrative and Legal Committee (CAJ) at its sixty-fifth session, held in Geneva on March 29, 2012, noted the report made at the forty-eighth session of the Technical Committee (TC), held in Geneva from March 26 to 28, 2012, by the Delegation of Japan that the International Commission for the Nomenclature of Cultivated Plants of the International Union for Biological Sciences (IUBS Commission) was in the process of initiating the revision of the International Code of Nomenclature for Cultivated Plants (ICNCP) at a meeting of the IUBS Commission to be held in Beijing, China in 2013. The CAJ agreed with the TC that the Office of the Union should contact the IUBS Commission in order to explain the guidance provided by UPOV in document UPOV/INF/12 "Explanatory notes on variety denominations under the UPOV Convention" (see document CAJ/65/12 "Report on the Conclusions", paragraph 72).

2. The Sixth International Symposium on the Taxonomy and Nomenclature of Cultivated Plants is scheduled to take place from July 15 to 18, 2013, in Beijing. The Symposium will be followed by a meeting of the IUBS Commission on July 19 and 20, 2013, where the IUBS Commission will consider all proposals to amend the Code that have been submitted prior to May 2013. Those proposals will be published in the journal "Hanburyana" and will also be made available electronically.

3. The CAJ, at its sixty-sixth session, held in Geneva on October 29, 2012, noted that, on October 8, 2012, the Office of the Union had met with Mr. Christopher D. Brickell (Chairman of the IUBS Commission), Mr. John C. David (IUBS Commission member), Mr. Alan C. Leslie (IUBS Commission member) and Mr. James D. Armitage (Chairman of Hortax<sup>1</sup>) at the Royal Horticultural Society, London. The aim of the meeting was to review differences between the guidance on variety denominations provided by UPOV in document UPOV/INF/12/3 "Explanatory notes on variety denominations under the UPOV Convention" (UPOV Explanatory Notes on Variety Denominations) and the Rules and Recommendations in the ICNCP, in order to consider whether it would be important and feasible to seek harmonization and the mechanisms by which that might be achieved. The background to this topic is provided in document CAJ/66/3 "Variety denominations", paragraphs 3 to 20).

4. At its sixty-sixth session, the CAJ approved the following steps in relation to potential areas for cooperation between UPOV and the IUBS Commission and the International Society for Horticultural Science Commission for Nomenclature and Cultivar Registration (ISHS Commission):

(a) Members of the IUBS Commission and the Office of the Union to draft a brief, joint notice for publication in Hanburyana<sup>2</sup> in order to inform the Sixth International Symposium on the Nomenclature of
