## ADMINISTRATIVE AND LEGAL COMMITTEE

Seventh Session

Geneva, May 6 to 8, 1981

OBSERVATIONS OF THE DELEGATION OF SOUTH AFRICA

Document prepared by the Office of the Union

By letters dated April 15, 1981, Mr. J.F. van Wyk, Director of the Division of Plant and Seed Control of the Department of Agriculture and Fisheries of South Africa, has made some observations on documents CAJ/VII/4 and CAJ/VII/6:

(i) Concerning document CAJ/VII/4 (Free access for breeders to tests being made by testing authorities acting for other States), he has cited the provisions of the national legislation that refer to the rendering of information. The letter concerning that document is reproduced, in its original language, in the Annex to this document.

(ii) Concerning document CAJ/VII/6 (Proposals for amendment of the Guidelines for Variety Denominations), he has agreed to the proposals for the amendment of Articles 1 to 7. Concerning Article 10, he has declared that he would still prefer its deletion. However, if for any reason, unknown to him, prevailing in other member States it is considered that the Article should be retained, he would prefer that it be amended on the lines of Article 48 of the 1980 edition of the International Code of Nomenclature for Cultivated Plants.
