*Document prepared by the Office of the Union**Disclaimer: this document does not represent UPOV policies or guidance*

1. This document provides information on the following developments concerning Test Guidelines:
  - I. TEST GUIDELINES FOR ADOPTION
  - II. CORRECTIONS TO TEST GUIDELINES
  - III. DRAFT TEST GUIDELINES DISCUSSED BY THE TECHNICAL WORKING PARTIES IN 2013
  - IV. DRAFT TEST GUIDELINES TO BE DISCUSSED BY THE TECHNICAL WORKING PARTIES IN 2014
  - V. TEST GUIDELINES ON UPOV WEBSITE
  - VI. GUIDANCE FOR DRAFTERS OF TEST GUIDELINES

## I. TEST GUIDELINES FOR ADOPTION

2. The Technical Committee (TC), at its forty-seventh session, held in Geneva from April 4 to 6, 2011, noted that the Council, at its forty-third ordinary session, held in Geneva on October 22, 2009, had endorsed the practice whereby Test Guidelines are adopted by the TC on behalf of the Council on the basis of the program of work approved by the Council, without the individual Test Guidelines being submitted to the Council for review (see document C/43/17 "Report", paragraph 38).

3. At its forty-seventh ordinary session, held in Geneva on October 24, 2013, the Council noted the work of the TC, the Technical Working Parties (TWPs) and the Working Group on Biochemical and Molecular Techniques, and DNA-Profiling in Particular (BMT), as reported in document C/47/10, and approved the programs of work set out in document C/47/10 (see document C/47/19 "Report on the Decisions", paragraphs 49 and 50).

4. For the year 2013, one session was scheduled for each of the existing TWPs. At those sessions, it was decided to submit the draft Test Guidelines in Annex I to the TC for adoption.

5. The partial revisions for the following Test Guidelines are specified in the indicated documents:

- Cucumber (document TG/61/7) (see document TC/50/30)
- Melon (document TG/104/5) (see document TC/50/31)
- Pea (document TG/7/10) (see document TC/50/32)
- Peach (document TG/53/7) (see document TC/50/33)

6. *The TC is invited to adopt, subject to any changes proposed by the Enlarged Editorial Committee (TC-EDC):*

(a) *the draft Test Guidelines listed in Annex I to this document; and*

(b) *the partial revisions to the Test Guidelines listed in Annex I to this document, on the basis of the revisions set out in documents TC/50/30, TC/50/31, TC/50/32 and TC/50/33.*

## II. CORRECTIONS TO TEST GUIDELINES

7. Corrections will be made to the adopted Test Guidelines for Curly Kale (document TG/90/6), Tomato Rootstocks (document TG/294/1) and African Lily (document TG/266/1 Rev.) as set out in document TC/50/34.

8. *The TC is invited to note that corrections will be made to the adopted Test Guidelines for Curly Kale (document TG/90/6), Tomato Rootstocks (document TG/294/1) and African Lily (document TG/266/1 Rev.), on the basis of document TC/50/34.*

## III. DRAFT TEST GUIDELINES DISCUSSED BY THE TECHNICAL WORKING PARTIES IN 2013

9. A list of Test Guidelines discussed by the Technical Working Parties in 2013 is presented in Annex II to this document.

10. *The TC is invited to note the draft Test Guidelines discussed by the Technical Working Parties at their sessions in 2013, as listed in Annex II to this document.*

IV. DRAFT TEST GUIDELINES TO BE DISCUSSED BY THE TECHNICAL WORKING PARTIES IN 2014

11. For their sessions in 2014, it is proposed that the TWPs discuss the development of new Test Guidelines, or the revision of Test Guidelines, as listed in Annex III.

12. A summary table showing the status of the existing Test Guidelines, at the date of preparation of this document, is attached as Annex IV.

13. *The TC is invited to:*

*(a) agree the program for the development of new Test Guidelines and for the revision of Test Guidelines, as shown in Annex III to this document; and*

*(b) note the status of the existing Test Guidelines, as listed in Annex IV to this document.*

V. TEST GUIDELINES ON THE UPOV WEBSITE

Superseded versions of Test Guidelines

14. The list of previous adopted Test Guidelines, which have since been superseded, is presented as Annex V to this document.

15. At its forty-seventh session, the TC noted the plans of the Office of the Union to make copies of all previous adopted versions of Test Guidelines available on the first restricted area of the UPOV website in conjunction with the restructuring of the website and noted the list of adopted Test Guidelines that had since been replaced, as presented in document TC/47/2, Annex V (see document TC/47/26 "Report on the Conclusions", paragraph 108).

16. The Council, at its forty-fifth ordinary session, held in Geneva on October 20, 2011, agreed that documents currently in the first restricted area of the UPOV website be made publicly accessible, by removal of the password requirement. It also agreed that, if possible, the removal of the password be arranged to coincide with the launching of the redesigned UPOV website on November 1, 2011 (see document C/45/17 "Report on the Decisions", paragraph 9(c)). In accordance with the decision of the Council, documents that were published in the first restricted area of the UPOV website have now been made publicly accessible.

17. Following the developments above, the Office of the Union has not yet made copies of all previous adopted versions of Test Guidelines available on the UPOV website, pending further consideration of the matter by the TC. In proposing the publication of previous adopted versions of Test Guidelines on the first restricted area of the UPOV website, it was recognized that the restricted access to previous adopted versions of Test Guidelines would minimize the risk of visitors to the UPOV website inadvertently searching and selecting an obsolete version of the Test Guidelines. In that regard, the previous adopted versions of Test Guidelines would be placed in a different section to the latest adopted versions of the Test Guidelines; however, search results for Test Guidelines across the site would not indicate if the Test Guidelines were previous or latest versions of the adopted Test Guidelines concerned. Therefore, it was proposed that a cover page be added to all previous adopted versions of Test Guidelines indicating their status before such documents are published on the UPOV website.

18. At its forty-eighth session, held in Geneva from March 26 to 28, 2012, the TC agreed to add a cover page to all previous adopted versions of the Test Guidelines, indicating their status before those documents were published on the UPOV website. The TC further agreed that consideration should be given to adding a disclaimer to all UPOV session documents in order to clarify the status of the documents (see document TC/48/22 "Report on the Conclusions", paragraph 157).

19. The TC at its forty-ninth session, held in Geneva from March 18 to 20, 2013, agreed that a draft cover page for all previous adopted versions of Test Guidelines and of a disclaimer for UPOV session documents be presented for consideration by the TC at its fiftieth session, in accordance with the conclusions of discussions on those matters by the Consultative Committee. The TC agreed to add a column for date of

adoption of Test Guidelines to the list of Test Guidelines on the UPOV website (see document TC/49/41 “Report on the Conclusions”, paragraphs 156 and 157).

20. The list of Test Guidelines on the UPOV website has been amended to include information on date of adoption of Test Guidelines and other date details, such as the date of correction or partial revision (see: [http://www.upov.int/test\\_guidelines/en/list.jsp](http://www.upov.int/test_guidelines/en/list.jsp)).

21. The Consultative Committee, at its eighty-fifth session, held in Geneva on March 22, 2013, approved the revised disclaimer text on the meeting section of the UPOV website (<http://www.upov.int/meetings/en/topic.jsp>) and the addition of a disclaimer to each UPOV session document as follows:

“Unless otherwise agreed by the Council of UPOV, only documents that have been adopted by the Council of UPOV and that have not been superseded can represent UPOV policies or guidance.

“Disclaimer: this document does not represent UPOV policies or guidance.”

22. The following text is proposed for the cover page of superseded versions of Test Guidelines:

“These Test Guidelines have been superseded by a later version. The latest adopted version of Test Guidelines can be found at [http://www.upov.int/test\\_guidelines/en/list.jsp](http://www.upov.int/test_guidelines/en/list.jsp)”

23. The superseded versions of Test Guidelines are proposed to be located on the Test Guidelines page of the UPOV website as follows:

## VI. GUIDANCE FOR DRAFTERS OF TEST GUIDELINES

25. The TWPs at their sessions in 2013 proposed to include a demonstration on how to use the TG Template during the Preparatory Workshop (see document TWO/46/29 "Report", paragraph 87, document TWV/47/34 "Report", paragraph 101 and document TWA/42/31 "Report", paragraph 97). This matter is considered in document TC/50/3 "Matters arising from the Technical Working Parties".

26. Document TC/50/10 "Report on developments in UPOV including relevant matters discussed in the last sessions of the Administrative and Legal Committee, the Consultative Committee and the Council" provides a report on the development of a web-based electronic Test Guidelines template.

27. *The TC is invited to note that:*

*(a) the provision of training on the use of the TG Template is considered in document TC/50/3 "Matters arising from the Technical Working Parties"; and*

*(b) a report on the development of a new web-based electronic Test Guidelines template is considered in document TC/50/10 "Report on developments in UPOV including relevant matters discussed in the last sessions of the Administrative and Legal Committee, the Consultative Committee and the Council".*
