# TECHNICAL WORKING PARTY FOR ORNAMENTAL PLANTS AND FOREST TREES 

## Forty-First Session

Wageningen, Netherlands, June 9 to 13, 2008

## PROPOSALS FOR PARTIAL REVISIONS / CORRECTIONS OF TEST GUIDELINES

Document prepared by an expert from the European Community

1. The following partial revisions or corrections to Test Guidelines are proposed:

Test Guidelines for Verbena (TG TG/220/1: adopted 2004)
Characteristic 2
2. It is proposed to amend characteristic 2 as follows:

Current wording

Proposed new wording

3. Characteristic 2 is an asterisked characteristic. For this crop the plant material is submitted in Europe in Spring. The samples from the different applicants are not always at the same stage: some samples start flowering rather soon after submission, others later. Therefore, it is not possible to observe the characteristic "just after the start of flowering". The differences between the varieties can clearly be observed during the whole flowering season and should, therefore, not be limited to just after the start of flowering.

## Characteristic 15

## Current wording

| $\mathbf{1 5 .}$ | Inflorescence: shape in profile |  |
| :--- | :--- | :---: |
| $\left({ }^{*}\right)$ |  |  |
| $(+)$ |  | 1 |
| $\mathbf{P Q}$ | broad ovate | 2 |
|  | broad obovate | 3 |
|  | cylindric |  |

## Proposed new wording

Current Ad. 15: Inflorescence: shape in profile

1
broad ovate

2
broad obovate

3 cylindric

Proposed new Ad. 15

1
broad ovate

2 broad obovate

3 broad cylindrical

4 narrow cylindrical

Test Guidelines for Anthurium (TG/86/5: adopted 1995)
Characteristic 21

## Current wording

| 21. | Varieties with adpressed leaves only: Spathe: height of the adpressed part of the lobes |  |
| :---: | :---: | :---: |
|  |  |  |
|  | low | 3 |
|  | medium | 5 |
|  | high | 7 |

Proposed new wording

| Varieties with adpressed lobes |  |
| :--- | :---: |
| only: Spathe: height of the |  |
| adpressed part of the lobes |  |
| low | 3 |
| medium | 5 |
| high | 7 |

4. It is clear that there is a mistake in the current wording of the characteristic.

Test Guidelines for Dendrobium (TG/209/1 Corr.: adopted 2003, corrected 2006)
Characteristic 79

Current wording

| 79. <br> (*) |  | Lip: number of colors |  |
| :---: | :---: | :---: | :---: |
| QL |  | one | 1 |
|  |  | two | 2 |
|  |  | three | 3 |
|  |  | four | 4 |
|  |  | five | 5 |
|  |  | more than five | 6 |

Proposed new wording

| Lip: number of colors (except eye <br> and throat) |  |
| :--- | :---: |
| one | 1 |
| two | 2 |
| three | 3 |
| four | 4 |
| five | 5 |
| more than five | 6 |

5. The proposal is intended to improve the characteristic.

Characteristic 83

## Current wording

| $\mathbf{8 3 .}$ | (c) <br>  <br> (e) | Lip: color of middle part |
| :--- | :--- | :--- |
| (+) |  |  |
| PQ |  | RHS Colour Chart (indicate <br> reference number) |

Proposed new wording
(Note: characteristic 82 is
"Lip: main color")
Lip: color of middle part (when different from 82)

RHS Colour Chart (indicate reference number)

Ad. 77: Lip: eye
Ad. 83: Lip: color of middle part

Shade
(Note: characteristic 82 is "Lip: main color")
6. The proposal is intended to improve the characteristic.

Test Guidelines for Chrysanthemum (TG/26/5: adopted 2006)
Characteristic 9
Current wording

| $\begin{aligned} & 9 . \\ & (*) \end{aligned}$ |  | English | français | deutsch | español | Example Varieties/ <br> Exemples/ <br> Beispielssorten/ <br> Variedades ejemplo | Note/ <br> Nota |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | Leaf: length including petiole | Feuille: longueur, pétiole compris | Blatt: Länge einschließlich Blattstiel | Hoja: longitud incluido el peciolo |  |  |
| QN | (a) | short | courte | kurz | corta | Molfetta Pink | 3 |
|  | (c) | medium | moyenne | mittel | media | Figrand | 5 |
|  |  | long | longue | lang | media | Yellow Wonder | 7 |

7. It is proposed to correct the Spanish translation of "long" to "larga".
