**Use of UPOV PRISMA**

6. The participants noted the information in relation to the use of UPOV PRISMA (as of March 24, 2020), as reported in Annex III of this document.

31. In a future Version and in order to assist members of the Union to receive, process and manage application data from UPOV PRISMA, it is proposed to develop and introduce a “PVP Office management interface”. A report on progress will be made at a next EAF meeting.

Variation in forms:  
(see document EAF/15/2, paragraphs 32 & 33)

32. The EAF/14 meeting noted that a report on variation between the Technical Questionnaire of participating authorities in UPOV PRISMA between UPOV members and the UPOV model application form, would be provided at the EAF/15 meeting, according to available resources.

33. Since the EAF/14 meeting, there have not been sufficient resources to produce the report; therefore it is proposed to present the report at the next EAF meeting.
