

**Pitambar Shrestha**

Mr. Pitambar Shrestha works as Programme Advisor of LI-BIRD Since 1 January 2022. Before, he worked as Programme Operations Director in the same organization.

Mr. Shrestha graduated from the Indira Gandhi National Open University with a Master degree in Rural Development.

From 1992 to 1995, he worked as a Technical Assistant in a Participatory Plant Breeding Programme Funded by the DFID for the first time in the western hills of Nepal. In 1996, he joined LI-BIRD and continued to work as a Technical Assistant and implemented a Participatory Crop Improvement Project under a high potential production system in the central terai, Nepal. From 2003 to 2012, he managed a variety of research and development projects related to on-farm agricultural biodiversity management. From 2013 to 2016, he was Regional Coordinator for South Asia and managed the Community-based Biodiversity Management in South Asia Programme funded by NORAD through the Development Fund Norway.
