

**Michael A. Kock, Ph.D., J.D.**

Mr. Michael A. Kock serves as Senior Vice President and Innovation Catalyst of Inari Agriculture, Cambridge, USA.

Mr. Kock has a Ph.D. in Chemistry/Molecular Biology from Hamburg University and a J.D. from Humboldt University, Berlin. He is a qualified European and Swiss Patent Attorney.

Mr. Kock is working at the interface between innovation, technology acceptance, and intellectual property for more than 25 years, with two decades in leadership positions in multinational companies (BASF and Syngenta). In addition to his role in Inari, he works as a consultant and “IP Architect” supporting companies in designing and implementing holistic IP, freedom-to-operate, and value capture strategies. Mr. Kock regularly lectures and has published multiple papers on intellectual property topics in peer reviewed law journals.
