

Bo GERTSSON

Mr. Bo Gertsson was appointed Group manager at the Plant breeding department in Lantmännen Lantbruk in 2014.

Mr. Gertsson graduated from the University of Lund with a Master's degree in Biological Sciences in 1980.

From 1981 to 2006 he worked for Svalöf AB/Svalöf Weibull AB/Lantmännen SW Seed AB which today is an integrated part of Lantmännen. The focus was on oil seed crops starting with sunflower breeding and then moving into development of hybrid seed technology in oil seed rape. Between 1995 and 2006 Mr. Gertsson was responsible for the breeding of spring oil seed rape for the North American market. In 2007 he was appointed Technology manager and then from 2014 became Group manager in the department of Plant breeding.
