MODEL ADMINISTRATIVE AGREEMENT FOR INTERNATIONAL  
COOPERATION IN THE TESTING OF VARIETIES

- CONSCIOUS of the importance attaching to cooperation between the members of the International Union for the Protection of New Varieties of Plants (UPOV) in the examination of the distinctness, uniformity and stability (DUS) of the varieties that are the subject of an application for a breeder's right, as a means of optimizing the functioning of their plant variety protection systems,
- CONSIDERING that this Agreement must be conceived in such a way that it may also serve as the basis for cooperation in areas related to the protection of new plant varieties, in particular in the administration of the lists of varieties admitted to trade,
- CONSIDERING that the parties are also desirous to conclude comparable agreements with other members of the Union, and that it is therefore necessary to base those agreements on this Model Administrative Agreement for International Cooperation in the Testing of Varieties (Model Administrative Agreement),
- CONSIDERING that any agreement in this field must necessarily be reviewed, evaluated and adjusted periodically,

Party A

and

Party B

have agreed as follows:

## Article 1

(1) Authority A shall provide the following services to Authority B at the latter's request, in respect of the varieties which are the subject of an application for a breeder's right filed with Authority B in accordance with the International Convention for the Protection of New Varieties of Plants [,or for entry in [.....]] (to be completed by the Authority as appropriate)<sup>1</sup>:

(i) for the genera and species whose list is given in Annex A.1, it shall undertake the examination for distinctness, uniformity and stability of the variety concerned;

(ii) for the genera and species whose list is given in Annex A.2 [or A.2/B.2], it shall undertake the part of the examination specified in the said Annex;

(iii) for the genera and species whose list is given in Annex A.3, it shall supervise the examination of the variety, where such examination is undertaken on its territory by the applicant<sup>2</sup>, or by a third party on his behalf, and evaluate the results thereof.

(iv) for the genera and species whose list is given in Annex A.4 [or A.4/B.4], it shall supply the results of the examination or supervision which it has undertaken or agreed to undertake on the basis of a prior application;

(2) Authority B shall, under the same conditions, provide the aforementioned services to Authority A, for the genera and species whose list is given in Annexes B.1, B.2 [or A.2/B.2], B.3 and B.4 [or A.4/B.4], respectively.

(3) The authorities may agree, on an *ad hoc* basis, to apply this Agreement to a variety from a genus or species not listed in the relevant Annex.

(4) For the purposes of this Agreement:

(i) "Executing Authority" means the Authority which provides one of the services specified in subparagraphs (i) to (iv) of paragraph (1) or the corresponding services in paragraph (2), above;

(ii) "Receiving Authority" means the Authority to which one of the aforementioned services is provided.

## Article 2

Where the Council of UPOV has adopted Guidelines for the Conduct of Tests for Distinctness, Uniformity and Stability ("Test Guidelines") for a genus or species covered by this Agreement, the examination shall be conducted according to those Test Guidelines. In the absence of such Test Guidelines the Authorities shall adopt the testing methods by mutual consent before this Agreement is applied to the genus or species in question.

## Article 3

(1) For each variety the Executing Authority shall submit to the Receiving Authority, as the case may be:

(i) the reports relating to each testing period and a final examination report;

(ii) the reports relating to the part of the examination entrusted to it;

(iii) the reports relating to the supervision of the examination undertaken by the applicant, or by a third party on his behalf, and to the evaluation of the results thereof, and a final examination report.

<sup>1</sup> If appropriate, to insert the relevant term to cover an official register, for example, of varieties admitted to trade (e.g. National List, Official Catalogue etc.).

<sup>2</sup> The "applicant" should be the "breeder" according to the definition of "breeder" in Article 1(iv) of the 1991 Act of the UPOV Convention which is:

– the person who bred, or discovered and developed, a variety,

– the person who is the employer of the aforementioned person or who has commissioned the latter's work, where the laws of the relevant Contracting Party so provide, or

– the successor in title of the first or second aforementioned person, as the case may be".

- (2) The final examination report shall detail the results of the examination concerning the characteristics of the variety and shall state the opinion of the Executing Authority on the distinctness, uniformity and stability of the variety. When those requirements are considered to be fulfilled or when the Receiving Authority asks for it, a description of the variety shall be added to the report.
- (3) Reports and descriptions shall be written in [.....] (language).
- (4) Any emerging problems shall be notified immediately to the Receiving Authority.
